Action Taken Report 2018-19

1. Teachers are instructed to improve their interaction with students to make them more conducive for learning. This module is to be emphasised in the training programme for teaching and non-teaching staff.
2. Assignments are to be given feedback regularly. Teachers are asked to conduct plagiarism checks of the assignments.
3. More thrust is to be given to internship programmes. More MoUs are to be executed to facilitate this.
4. Professional mentorship needs to be strengthened. The professional Counsellor is asked to motivate the students who lost their things in the flood to come back to the normal routine. Many students were in the mindset of deep stress owing to the damage the flood has created.
5. More smart classrooms are to be set up. Decided to search for funds to establish more smart classrooms.
6. More departments are instructed to conduct field visits, student and faculty exchanges between institutions. MoUs are to be executed for this too.
7. The new Library and Knowledge Centre website which was launched to share the notes, question papers etc with students was to be uploaded with more contents. That would help in the transfer of knowledge to students.
8. The campus placement cell was instructed to conduct more programmes for career orientation and placement drives.
