Action Taken Report on Student Feedback

2019-20

1. Teacher interaction with students needs to be improved. Teachers are conveyed by IQAC to improve communication.
2. Teachers have to go through the assignments of the students and communicate to them the feedback.
3. More thrust is to be given to conduct field visits and internships for the students. Companies are to be invited to offer the students internship options.
4. MoUs are to be signed with industrial houses to facilitate field visits and internship offers.
5. The mentoring system is doing a great part in solving the problems of students. But more initiatives are required from the part of teachers and the management.
6. More ICT facilities are to be introduced in the college for the easy and efficient transfer of knowledge.
7. More co-curricular programmes are organised in the college in the last academic year. .
8. More certificate and add-on programmes are planned to be introduced in the coming academic year.
9. Career guidance programmes, especially the Civil Service Orientation programme, were introduced. More than 100 students have joined the programme.
10. The student attendance system was made completely online using the App designed by GJ Infotech. This ensures the accurate attendance status of students and in case of their absence, a message is delivered to their guardians.
