SACRED HEART COLLEGE, CHALAKUDY

(AFFILIATED TO UNIVERSITY OF CALICUT)

THRISSUR, KERALA - 680307

AQAR 2021-22

CRITERION I

1.4.1 - Institution obtains feedback on the syllabus and its transaction at the institution from the following stakeholders Students,Teachers Employers Alumni

Submitted to

National Assessment and Accreditation Council

Feedback Analysis of Physics Department

- The feedback on syllabus covered, preparation level and communication skills of teachers are good enough most of the responses were with 5 rating.
- Although students are happy with the internal evaluation system, some of the negative ratings need to be addressed.
- More efforts to be taken to organise student exchange programmes, field visits and internship opportunities for the students.
- The mentoring system of the department is fair but more responsibility to be taken up by the teachers.
- Teachers have successfully identified the strengths and weakness of the students and guide them accordingly.
- Teachers to identify more student centric methods and experiential learning methods to make the learning more comfortable.
- The teachers have motivated the students to participate in extracurricular activities to the maximum.
- More effort should be taken to use more ICT facilities by the teachers.
- Students shared positive feedback on the work of Career and Placement Cell.

Feedback analysis of Department of Computer Science

- The feedback on syllabus covered, preparation level and communication skills of teachers and teacher's approach towards teaching seems to be extremely happy and satisfying for the students as maximum responses are with 5 ratings.
- students are happy and satisfied with the internal evaluation system.
- More efforts may be taken to organise student exchange programmes, field visits and internship opportunities for the students.
- The mentoring system of the department is fair and regular follow up is done, but still this scope for betterment.
- Teachers have successfully identified the strengths and weaknesses of the students and guide them accordingly.
- Usage of student centric methods and experiential learning are satisfactory but a little more effort could be appreciated.
- The teachers have motivated the students to participate in extracurricular activities to the maximum.
- ICT facilities by the teachers received extremely positive feedback
- More efforts need to be included for improvement of soft skills, employment skills etc. amongst students
- feedback on the work of Career and Placement Cell are mostly positive, some negative reviews need to be addressed.

Feedback analysis of Department of Economics

- The majority of the comments included a rating of 5, which indicates that the teachers' communication skills, degree of preparation, and teaching abilities are sufficient.
- Although the majority of students are content with the internal evaluation system, some of the low scores need to be rectified.
- There should be more effort put into setting up student exchange programmes, field trips, and internship possibilities for the students.
- Although the department's mentoring programme is fair, more accountability should fall on the teachers.
- Teachers have successfully determined the students' strengths and shortcomings and have provided them with appropriate guidance.
- To make learning more pleasant, teachers should focus a little more on experiential learning techniques and student-centric teaching strategies.
- Students have been highly motivated by their teachers to participate in extracurricular activities.
- The majority of students are content with their college experience overall in terms of instruction and learning.
- The teachers might put up greater effort to utilise additional ICT resources.
- Students gave the Career and Placement Cell's efforts high marks.

No

I would like it better if the medium of teaching was fully in English.

Nothing

Extra curricular activities should be increased. Students should enjoy their college days with fun filled activities, and competitions. A strong college union is necessary. Leisure activities and activities that improve students skills and talents should be included. Students needs stress releasing activities or programmes at least once in a month such as department wise competitions, and this works as a stress reliever and mind cleaner. Innovative ideas of students should be supported. Scholarship to study abroad should be included in the career guidance.

No more suggestions. All my teaching and non teaching staff takes maximum efforts to do their responsibilities well.So, keep it up.

No suggestions
