Physics department

Agendas that were discussed –
- check the files submitted for criterion 2
- discuss details required for criteria 5.

It was suggested that the details to be collected for NIRF be done by one of the staff members, and to choose a person who is familiar with it.

A calendar for events to be organised was made using Google sheets - each event that is to happen in the college campus was to be recorded in it.

AQAR 2021-22 Tracker (Google sheets) was created to track the files submitted by different department coordinators.

As it will be difficult for the coordinator of each and every club or cell of college to be present for every IQAC meeting, it was decided to nominate one staff member for the coordination and submission of reports of all clubs and cells.

A google form for event registration was created and the corresponding google sheet was shared to all department emails. Every event that is to happen in the college should be entered in the google form. This can be viewed on google sheets by every department.

The exact format for every report was discussed and templates made and shared for criterion 5.

28/10/22 Department IQAC Coordinator's meeting
Time 3:00pm
Venue : IQAC room

The agenda of the meeting was presented on a slide by Ms Fency k.F. The agenda of the meeting was ① to do review the assignments (on criterion 2) submitted by the departments)
② planning of new assignments (on criterion 5)
③ Disussion about Action plan, Event registration - how to fill google forms
④ Suggestions on how to proceed with collection of data or any suggestions to improve working of IQAC.

The AQAR 2021-22 Assignments submission tracker helped the rest of the members to understand how far ~~each~~ where each department stands in terms of submission of documents required for criterion 2. Some departments were asked to resubmit their work in a prescribed format.

Since there are clubs and cells functioning in our college, Dr. Laina was selected as coordinator of all clubs and cells and was given the charge of collecting reports of each cell. She will help the IQAC to connect to the coordinators of each club or cell.

IQAC decided to circulate a Google form where each department can enter the details of the events they plan to conduct (Though the action plan has the tentative events of each department, it was suggested that programs which were not included in the Action plan but still planned to be conducted can be entered here. In this way the IQAC and in turn all the departments will get to know each and every event that is planned in the college)

Ms. Fency k.F and V. Neetha were involved in checking data received for extension profile 2.1 & 2.3 The mismatch of student numbers was sorted out and a file list created.

Mr. Nijil was involved in checking the data received regarding teachers list and sorting out documents received such as appointment orders.

A data template for Action plan was created in Google sheets and shared with all departments. Each department was asked to fill their sheets with dates, events, theme / Topic / Activity and Coordinator for each event that they plan to conduct.

The person in charge of website was to be informed about keeping the website updated regarding staff profile, clubs / cells etc.

Dr. Laind A.L., Coordintor of all the clubs and cells was asked to create a Google classroom and collect information required for updation of activities of clubs and cells in the College website. Checking the documents uploaded for criterion 1 by different department and updation of AQAR tracker. Many departments were yet to submit assignments under criterion 1. Also several departments had not submitted proper supporting documents. The AQAR tracker was updated accordingly.

It was decided to start preparing the AQAR report by uploading the basic information asked in the NAAC HEI's portal. Information such as name of institution, name of the head of institution, email ids addresses, phone numbers etc were entered. Answering several questions required assistance from the IQAC team which was in charge of the activities of Academic Year 2021-22. So it was decided to upload these details (Q nos 8, 9, 11, 12 - 20 etc) along with the old IQAC team.

The core team also suggested that the Principal depute one faculty for each criterion who would be responsible for collection, compilation and uploading of documents of that particular criterion.
