AQAR 2020-21

CRITERION II - TEACHING - LEARNING & EVALUATION

ECONOMICS

Following are the criteria adopted to ensure complete transparency in internal assessment:

- Evaluation is done by the faculty within the time line as suggested in the academic calendar
- The corrected answer scripts are distributed to them for verification by the students and any grievance is redressed immediately
- The marks obtained by the students in internal assessment are uploaded periodically on the University portal along with attendance
- For assessing quality of projects, the evaluation is done by the Project
 Review Committee along with project guides
- Redressal of grievances at the departmental level by the concerned faculty.
 Any complaints are referred to the concerned course teacher, and if the student is not satisfied it is referred to the class teacher or the HOD.

AQAR 2020-21

CRITERION II - TEACHING - LEARNING & EVALUATION

HISTORY

Mechanism to deal with internal/external examination related grievances is transparent, time- bound and efficient

At the college level, an examination committee is constituted, comprising of a senior Faculty member as Center superintendent, other teaching faculty and non teaching staff as members for smooth conduction of end semester examination. The end semester examination is conducted by university, and the students appear at center allotted by the university. The college follows strictly the guidelines and rules issued by the affiliating university while conducting internals and end semester examinations. For conducting the internal assessment test, a department level coordinator/committee is constituted for smooth conduction of internal assessment.

- Two internal assessment tests are conducted each semester at department level.
- Time table for test is prepared well in advance and communicated to the students earlier
- A proper seating arrangements is followed for internal assessment tests and it is displayed on the notice board.
- After evaluation of internal assessment answer scripts, the scripts are shown to the students to check any discrepancy or doubt in checking.
- If they come across any doubts, clarification is given by faculty to enables them to fare better in future.
- After preparing the assessments report by faculty it is shown to HoD and markbook is submitted by the concerned faculty to Principal
- final internal assessment marks calculated on the basis of attendance, marks of class test and assignment marks, and are uploaded on university at the end of semester.
- If a student is not able to appear for examination due to medical or any genuine reason examination is conducted for that student as per norms, provided that she submits application with proper documents.
- If any student scores less marks and wants to improve in that subject, she can appear for the improvement examination.

- The grievances of the students with reference to assessment are made clear by showing her performance in the answer sheet.
- The answer sheet of such student is assessed by the faculty once again in the presence of the student.
- Any corrections in the total of marks or assessment of answer books as identified by students are immediately done by the faculty members.
- The Institute follows open evaluation system where the student performance is displayed on the notice board and the same is informed to the parents.
- Any grievances related to university question paper like out of syllabus, repeated questions, improper split of marks, marks missed, wrong question number during semester exams are addressed to the center superintendent and the same reported to the university immediately through center controller (University representative).
- University decision or information after resolving the grievances/correction in question paper is intimated immediately to the students during the examination through the examination committee members.
- After examination, the answer scripts evaluated at different evaluation centers designated by university and final result is declared.
- If student has any grievances related to evaluation of university answer scripts, student can apply for revaluation/scrutiny.

CRITERION II - TEACHING - LEARNING & EVALUATION

COMMERCE

Grievance Redressal Cell

The Department of Commerce has a redressal cell through which students can raise their complaints regarding the Internal and External Examinations. Head of the Department and class teachers concerned are the members of this cell. Class teachers have to handle the complaints by consulting the Head of the Department. If the complaints are not solved yet, it has to move on to the Principal to solve these problems. Principal is the final authority to solve issues related to both internal and external examinations.

21 /10/2021

Students of 2021 M Com Passout batch have complained about their III Sem Investment Management results published on October 12, 2021. They said that even if the question paper was tough they hade altended it very well and had expected good results. But many of them have failed in this paper. After having to their complaint, it was decided to lodge a complaint to the Controller of Examaminations with regard to this

From, M.com Students Sacred Heart College Chalakudy

To, The Controller Of The Examinations University of Calicut

Sub: Letter of Complaint (University Examination Results of "Investment Management" Third Semester Mcom 2019 Admission)

Dear Sir.

The following students with register number attached write to lodge complaint about examination results of Investment Management Third Semester Mcom (2019 Admission) released on October 12, 2021.

With regards to examination and results, even if the paper was tough, we attended it very well and expected good results. Unfortunately, many of us failed. Therefore, we request you to pay your kind attention in this matter and to re-examine the answer script in order to make sure no errors had occurred during the process and to take steps to revise our marksheet accordingly, at the earliest.

THIRD SEMESTER M.A./M.Sc./M.Com. DEGREE (REGULAR) EXAMINATION, NOVEMBER 2020

(CBCSS)

M Com

MCM 3E (F) 01-INVESTMENT MANAGEMENT

(2019 Admissions)

Time : Three Hours

Maximum 30 Weightage

Section A

Answer at least three questions, Each question carries 2 weightage, All questions can be attended. Overall Ceiling 6.

- 1. State the objectives of investment activity.
 - . What are the different phases of portfolio management?
- 3. State the principles of the Bond pricing theorem.
- 4. Explain the basic principles and hypotheses of Dow Theory.
- 5 Distinguish between active revision strategy and passive revision strategy.
- 6 List the assumptions of Capital Asset Pricing Model
- 7. Describe the major constraints of portfolio revision.

 $(3 \times 2 = 6 \text{ weightage})$

Section B

Answer at least three questions.

Each question carries 4 weightage.

All questions can be attended.

Overall Ceiling 12.

8. A chemical company paid a dividend of 2.75 during the current year. Forecasts suggest that earnings and dividends of the company are likely to grow at the rate of 8 per cent over the next five years and at the rate of 5 per cent thereafter. Investors have traditionally required a rate of return of 20 per cent on these shares. What is the present value of the stock?

Turn over

9. A bond pays interest annually and sells for Rs.835. It has six years left to maturity and a par value of 1000. What is its coupon rate if it's promised YTM is 12 per cent?

(Present value annuity factor (6 years, 12%) is 4.1114 and present value factor (6 years, 12%) is 0.5066.)

- 10. Write short notes on :
 - (a) Japanese candlestick charts.
 - (b) Support and resistance patterns.
 - (c) Flags and pennants.
 - (d) Exponential moving average.
- 11. What are the steps involved is fundamental analysis?
- 12. A security pays a dividend of Rs. 3.85 and sells currently at 83. The security is expected to sell at Rs. 90 at the end of the year. The security has a beta of 1.15. The risk free rate is 5 per cent and the expected return on market index is 12 per cent. Assess whether the security is correctly priced.
- 13. Consider the following information for three mutual funds A, B and C and the market

5.147	Mean Return (%)	SD (%)	Beta
Λ	12	18	1.1
В	10	15	0.9
c	13	20	1.2
Market Index	11	17	1.0

The market risk free rate was 6 per cent. Calculate the Treynor measure, Sharp measure and Jensen measures for the three mutual funds and the market index.

14. The estimates of the standard deviations and correlation co-efficients for three stocks are given below:

Stock	SD	Corre	lation wit	h Stock
		A	В	С
٨	32	1.00	- 0.80	0.40
В	26	- 0.80	1.00	0.65
С	18	0.40	0.65	1.00

If a portfolio is constructed with 15 per cent of stock A, 50 per cent of Stock B and 35 per cent of Stock C, what is the portfolio's standard deviation?

 $(3 \times 4 = 12 \text{ weightage})$

Section C

Answer at least two questions.
Each question carries 6 weightage.
All questions can be attended.
Overall Ceding 12.

15. Monthly return data (in per cent) for ONGC stock and the MSE index for a 12 month period are presented below:

Month	ONGC	NSE Index
1	- 0.75	036
2	5.45	0.49
3	- 3.05	- 1.03
4	3.41	1.64
5	9.13	6.67
6	2.36	1.13
7	- 0.42	0.72
8	5.51	0.84
9	6.80	4.05
10	2.60	1.21
11	- 3.81	0.29
12	- 1.91	- 1.96

Calculate alpha and beta for the ONGC stock. Suppose NSE index is expected to move up by 15 per cent next month. How much return would you expect from ONGC?

16. Consider a portfolio of four securities with the following characteristics:

Security	Weight	αi	. Bi	Residual Variance
Α	0.2	2.0	1.2	#20
В	0.3	1.7	0.8	450
Ċ	0.1	- 0.8	1.6	270
D	0.4	1.2	1.3	180

Turn over

Calculate the return and risk of the portfolio under single index model, if the return on market index is 16.40 per cent and the standard deviation of return on market index is 14 per cent.

- 17. Describe briefly the important investment avenues available to savers in India.
- 18 "When someone refers to efficient capital markets, they mean that security or reflect all available information." Discuss.

 $(2 \times 6 = 12 \text{ weightage})$

ZOOLOGY

2.5.2 Details of "Mechanism to deal with internal/external examination related grievances is transparent, time- bound and efficient"

The department keeps a grievance redressel report register to register any grievances of the student. If a student has any complaint they are requested to report it directly to the tutor in charge or to HOD. If any complaints like exchange of question paper or the questions which come from outside the syllabus are reported directly to their tutors concerned. And an immediate action is taken by the Head and other teachers in the departmental meeting. If they want to tell anything in secret are usually put in the box placed. If such a complaint is noticed it is informed to the faculty concerned and necessary action is taken. As there is no grievance these years regarding internal or external exams due to the sincere efforts of examination coordinators and all faculty members.

COMPUTER SCIENCE

2.5.2. Details of "Mechanism to deal with internal/external examination related grievances is transparent, time- bound and efficient".

The department of Computer Science has decided to give only one attempt for each internal exam. But some students were not able to attend the internal exams. And the students of the 2018-2020 batch complained to the HOD of the department. Finding the reasons for not attending the exams as genuine the department changed the policy and made retests for those students.
