

INDUSTRIAL VISITS

Industrial visit helps to combine theoretical knowledge with industrial knowledge. Students get a good opportunity to gain full awareness about industrial practice. The following are the industrial/field visits conducted as innovative initiatives that could give an insight to students about the industrial applications of their subjects, being a source for income generation.

Department of Zoology

Field Visit to Institutions –

The Department of Zoology at Sacred Heart College offers aquaculture, animal husbandry and poultry as its special subject. As a part of this subject the students are required to visit institutions that are involved in such activities. The department of Zoology of Sacred Heart College ensures that the students get maximum output out of this program. The students have visited institutions such as the Kerala Veterinary and Animal Sciences University, Thrissur, Central Marine Fisheries Institute (CMFRI), Kochi etc. where the students get insights into career opportunities in fisheries or animal husbandry. Other places such ADAK (Agency for Development of Aquaculture, Kerala), Poyya Regional Shrimp Hatchery provide services such as distribution of fish seed and fry through which the students can be self-employed.

During the academic years 2016 – 17 and 2017 – 18 the students of III DC and staff visited ADAK (Agency for Development of Aquaculture, Kerala) at Poyya. They were able to understand the workings of an aquaculture unit. Here they were

able to see for real the various procedures for rearing fish, prawn and crab. They also got to know about the schemes available to farmers whereby they can get fish seed at subsidized rates. After this they went to the Regional Shrimp Hatchery at Azhikode where they saw the procedures followed for producing quality prawn and fish seeds.

In 2018 – 19 the students visited the Aiswarya ornamental fish farm, Pullode Palakkad to see the different types of breeding techniques of ornamental fishes.

30/8/2016 – Visit to ADAK, Poyya

30/8/2016 – Visit to ADAK, Poyya

13/12/2018 – Visit to ornamental fish farm

13/12/2018 – Visit to ornamental fish farm

13/12/2018 – Visit to ornamental fish farm

7/1/2020 – Visit to Azhikode Shrimp Hatchery

7/1/2020 – Visit to Azhikode Shrimp Hatchery

7/1/2020 – Visit to ADAK, Poyya

Department of Chemistry

Industrial visit as part of entrepreneurship program in association with KITCO

The Final year B Sc. degree students of the Chemistry and Physics departments, along with the staff and KITCO coordinator visited Kerala Solvent Extraction Limited Company at KINFRA, Koratty on 23/12/2017. It was really a nice experience for the students as they got an opportunity to interact with company officials and the working process of the company. The plant in-charge, Mr. Simon explained the details of the company and they are one of the major coconut oil production companies from cattle feed. Solvent Extracted Coconut oil is refined in the plant and made edible.

Industrial visit on 23/12/2017
