Frontier Dialogue Series is an academic venture of the Department to bring in an interdisciplinary approach to learning economics with a tint of research attitude to be imbibed. So, the speakers were selected prudently so as to create an interdisciplinary research orientation to the students. The disciplines like polity, sociology, history, statistics, gender studies etc were included in this Dialogue series.

Dr. K.M. Francis, Faculty, Inter University Centre for Financial Economics, University of Calicut, Kerala and former Associate Professor and Head, Department of Economics, St. Thomas College, Thrissur was the speaker for the

occasion. He spoke on the topic “150 years of Das Capital, 100 years of October Revolution and 25 years of disintegration of USSR: A re-examination of Marxian Economics”. This topic is an ever-relevant area of economics named ‘Marxian economics’ which is also an international research topic. Students are given an insight on the dimensions of Marxian economics as well as to open up new perspectives for conducting research for the budding scholars.
