

POTHICHORU

2016-2017

Pothichoru is a charity program organized by the Oasis club in which the students bring an extra vegetarian meal with them every Thursday. One staff and three students distributed them to the needy people in the streets at lunch time. The main goal of this programme was to make students understand the importance of food and give them an awareness about the huge number of people in the society who are starving.

Our student distributing meal to a needy person
