BALIKASADANAM

2017-2018

An Extension Programme organised by Dept. of Mathematics

Balिकासadanam was formed to provide a safe shelter to girls from poorer sections of our society. It has various branches all over Kerala. The inmates are studying in various classes from lower primary to professional level. Being a women's college, a weekly visit to Balिकासadanam was organized to ensure that our students contribute to the educational development of their sisters in Balिकासadanam. A group of 5 students visited the place every weekend during the academic year and spent some quality time with the girls. Along with this, they also shared their knowledge by teaching and helping them with Mathematics and other subjects. Teachers also joined this initiative wholeheartedly, hoping to provide a better life for the children of Balिकासadanam. The program was really effective and students were happy about their efforts.
