## UNIVERSITY OF CALICUT

## Preface

The LOCF (Learning Outcomes based Curriculum Framework) committee constituted by University Grants Commission (UGC) has submitted its report concerning the syllabi for B.Sc. Mathematics and B.A./B.Sc. with Mathematics as a subject. The BoS Mathematics(UG), keeping this report in mind, took steps for implementing the Outcome Based Education (OBE) in the existing syllabus, without changing the content of the existing syllabus.

## Aims of Bachelor's degree programme in Mathematics

The overall aim of B.Sc. Mathematics and B.A./B.Sc. with Mathematics as a Complementary course is to

1. create deep interest in learning mathematics;
2. develop broad and balanced knowledge and understanding of definitions, concepts, principles and theorems;
3. familiarize the students with suitable tools of mathematical analysis to handle issues and problems in mathematics and related sciences;
4. enhance the ability of learners to apply the knowledge and skills acquired by them during the programme to solve specific theoretical and applied problems in mathematics;
5. provide students/learners sufficient knowledge and skills enabling them to undertake further studies in mathematics and its allied areas on multiple disciplines concerned with mathematics;
6. encourage the students to develop a range of generic skills helpful in employment, internships and social activities.
