

## **Visit to Sevanagiri Sevanalaya**

**Coordinated by the Department of Chemistry on 19/12/2019**

The department is committed to doing charity every year. We visited a charity institution, Sevanagiri Sevanalaya, which is a Non Governmental Organization located at Annallur (about 5 km from college) in Thrissur, KERALA . It provides rehabilitation facilities for the differently abled men and women and conducts life skill training programmes. It also provides occupational therapy amenities for the inmates.

The students of the department celebrated Christmas with the mentally challenged inmates in the institution. The institution is run by the Christian priests. About 30 students of our department and all the faculty members of the chemistry department spent quality time with them and students conducted various entertainment programs for them. These visits help the students to develop social awareness skills such as empathy and respect for others, managing and expressing emotions in relationships. students actively participated and responded positively for this social welfare activity.
