

Action Taken Report on the basis Alumni feedback

2022-23

The following are the reports of the actions taken on the basis of the feedback from Alumni:

1. More thrust is to be given to motivate the students to strive harder and smarter, especially when the world is facing severe complexity. More orientation programmes for students are to be conducted.
2. The students shared a concern on the performance of the Career and placement cell of the college. So, the Career and placement Cell was strengthened by inviting the students to batch specific Career Cell
3. Infrastructural limitations were another area of concern shown by the Alumni batches. The building construction and modification of existing infrastructure was started in the year 2018. The expansion of the building in the Self-financing block is to be completed soon.
4. More programmes and courses for improving the language and Communication skills of the students of the college were introduced in the recent years.
5. More sign boards and posts are placed in the college for the easy understanding of the ways and spaces in the college. especially for the first year students as suggested by the Alumni.

The feedback received from our esteemed alumni has been invaluable in shaping our initiatives towards continuous improvement and addressing concerns raised by our alumni community. Here's a summary of the actions taken based on the feedback received:

Enhanced Motivation and Orientation Programmes:

- Efforts have been intensified to motivate students to strive harder and smarter, particularly in the face of increasing complexity in the world.
- Additional orientation programs for students have been scheduled to provide them with guidance and support.

Infrastructural Development:

- Construction and modification of existing infrastructure began in 2018, with a focus on expanding the Self-financing block.

- The completion of building expansion is prioritized to alleviate infrastructural limitations.

Language and Communication Skill Enhancement Courses:

- Additional programs and courses have been introduced to improve the language and communication skills of students.
- Efforts are being made to address initial limitations in online teaching methods.

Enhanced Signage for Improved Campus Navigation:

- More signboards and posts have been installed across the campus to facilitate easy navigation, especially for first-year students, as suggested by alumni.

These actions underscore our commitment to addressing alumni feedback, fostering continuous improvement, and ensuring the holistic development of our institution. We remain dedicated to implementing further measures aimed at enhancing the overall academic and extracurricular experience for our students and alumni community.
