

Action Taken report on Feedback from Employers 2022-23

Only a few employers filled the form provided by our students for the feedback from employers and the following conclusions were made based on them. The feedback collected from employers who have employed students from Sacred Heart College Chalakudy has been instrumental in guiding our initiatives to enhance student employability and career prospects. Below is a summary of the actions taken in response to this feedback:

The Career cell has taken various initiatives to improve career guidance and placement opportunities and the Career Officer of the College actively participates in the official WhatsApp group of Placement Officers of Kerala, disseminating information on vacancies and career options to students through dedicated WhatsApp groups. Career placement drives were held, inviting final year students and alumni to participate.

Enhancement of Communication and Soft Skills: Emphasis has been placed on enhancing communication and soft skills through skill enhancement programs. Students are provided information on the diverse skills necessary for success in various employment sectors.

Signing of MoUs with Corporate Houses and Placement Groups: Efforts have been made to sign MoUs with corporate houses and placement groups to provide students with access to vacancies. MoUs are being pursued with agencies such as KELTRON, C-DiT, etc., encouraging students to undertake Add-on and Certificate courses to enhance their employability.
