

WORKSHOP ON LED STAR MAKING

To enhance practical skills, hands-on training on LED star making was organised by the Dept. physics on 6-11-2019 to 2nd and 3rd Year B.Sc. students, Sacred Heart College, Chalakudy. They were given training to assemble LED Stars of different patterns. The programme was held in physics lab and Ms. Fency K.F, faculty of the department and lab technician Mr. Jaison Thomas have given the instructions and guidance to the students. All the 90 stars made were sold to the students and staff of the college. The workshop enhanced the practical implementation of their knowledge and also gave a small idea on marketing their skills.
