

## **NET & SET COACHING**

**2019-20**

After the flood the department decided to continue with the NET & SET coaching. The students were all eager to attend the sessions. A total of 12 students were involved in the coaching sessions. The faculties of the department handled different subjects important for NET & SET exam. Students were encouraged to solve questions during any free time they got. Solving previous year question papers was part of the coaching. Students were evaluated weekly by conducting test papers. Vacation classes were planned to be given to the students, but the Covid -19 pandemic took away all the plans to give lectures to the bright students.
