

Training for Interview and GD

Date: 23. 06. 2021

Preparation makes you ready when the opportunity comes, and you should not prepare yourself only when you have a project ahead. Even when there is no project, you should keep building your skills and knowledge. There was a series of off-campus interviews coming ahead in the academic year. In order to prepare students to attend the placement drives more confidently, the career guidance cell had organised a Google Meet session to train the students to upskill themselves. The meeting was led by Mr. Libin Francis and Ms. Linet Roslin Antony, Career and Placement Cell officers, SH College, Chalakudy. The meeting was open to all and covered the basic to moderate topic of how to attend the interview, what and what not to do during the period of time and how to please the interviewer. The training programme was organised just before the student off-campus placement drive at PKJ Group at Koratty Infopark, Thrissur.
